Cultivate secure cities and towns with dependable power and connectivity.

The **Gridless Sentry** makes communities safer, from municipalities to metropolises.

The standard Gridless Sentry kit includes a battery, modem, antenna, and PoE output in one easy-to-deploy enclosure, and can be customized to fit your needs.

Enhance public safety.
Create safer communities where people can live, work, and play with a sense of security and confidence.

Lower deployment costs.
Eliminate the complicated and expensive process of protected cabling or trenching.

Deter criminal activity.
Signal to thieves, vandals, and trespassers that they are under surveillance, effectively reducing crime.

Speed up project timelines.
Spend less time on slow approvals and get your critical security tech deployed faster.

Create connection with public Wi-Fi.
Boost connectivity with public Wi-Fi to support businesses and increase community engagement.

Optimize resource allocation.
Understand community needs to determine if resources are being used efficiently and effectively.

Make data-driven decisions.
Gain insights into crime patterns, emergency response times, public safety measures, and more.

Establish smart, connected cities.
